

Mallorca Cruise Circular # 1

Charter Bookings

Mallorca Sept 9 – 23 2023

Howie and Wendy Hodgson are back from their week in Mallorca. We are working out our social venue plans and budgets and will report back shortly. Our anticipated expenditures in 2020 were \$700 per person. The currency is working in our favour but inflation is our headwind.

We now have 46 groups who have indicated an interest in joining the cruise. Eleven in their own boats, twenty planning to charter boats, six looking to join a mothership and others looking to join another charter. See participant list on our [website](#).

Helen and Dawn at Sublime Charters have added some catamarans to the list of opportunities they have listed in their [Charter Opportunities](#). While we have 20 groups indicating an interest in chartering a boat, only 6 have made bookings to date. We do not have exclusive access to these listings. Sublime is concerned that pricing might be adjusted once the current season concludes. When I reviewed the list, I was surprised at the modest change in pricing from what we saw in 2018 when booking for 2020. The number of boats available is less than 2018. If you plan to join us, **we would encourage you to lock down a boat today.**

For those of you looking to join a mother ship, we hope to have some ideas later in the month.

Regards

Les & Howie
