

DIRECTIONS TO INDIA WHARF RATS

The India Wharf Rats are located on the fourth floor of 5 Boylston Place, a pedestrian alley running between Boylston Street and the rear door of the Massachusetts Transportation Building. Parking is available at the Charles Street Garage beneath Boston Common (enter off Charles Street) or beneath the Massachusetts Transportation Building (enter off Charles Street).

If you are walking from the Common or anywhere to the north of Boylston Street, walk down Boylston Place to the end. No. 5 will be the second to last door on your right. If you parked beneath the Transportation Building, take the elevator to the lobby, walk diagonally across the lobby and exit to your left into the alley. No. 5 will be the second doorway on your left.

Once you are at the door, you will see a small button to your left marked "RATS." Push the button. In a moment or two a buzzer will sound. Push open the door. Walk to the end of the hallway and ascend four flights to the top floor.

You have arrived!
