

Dear CCA Members,

We're delighted to have this opportunity to create a list of charter opportunities for the CCA Mallorca Cruise 2020. The selections we've chosen range from 45 - 57 feet, and are various brands you will already be familiar with including Hanse, Dufour, Beneteau, Jeanneau and Bavaria. When you click on the model you're interested in you will find specifications on the yacht as well as the rates. We've listed the full rate along with your SY rate, which is the exclusive Sublime Yachts discount for CCA members. We've made every effort to give you the best information available on layouts and extras to try to make decision making easier for you.

This list is just a snapshot of what's available on the island, so if you're interested in going bigger or smaller, or would prefer to charter a crewed yacht, rest assured that we can find the boat for you. And for added value we'll be happy to offer whatever yacht you're looking for with the same exclusive Sublime Yachts discount for CCA members. So please don't hesitate to get in touch. We have in-depth knowledge of the charter fleets here in Mallorca and we're confident we can find you the right fit for your cruise.

After all, this beautiful island is our home and we know from sailing the shores ourselves that this is the ultimate way to experience what Mallorca has to offer. On top of that, bareboats are one of our specialties, and between us we have 25 years of experience in finding ideal yachts to suit our clients needs. We're also tapping into our local knowledge to bring you the best experiences ashore when you come together for parties and rendezvous over the course of the cruise. A chance to experience the vibrancy and sophistication of Palma, the laid back vibe of the stunning horseshoe bay of Port de Soller, and an opportunity to dine barefoot in the sand in Porto Colom. We hope to bring you a taste of Mallorca's fun, history and culture while you sample some of the island's traditional cuisine and locally produced wine.

Feel free to contact us with any questions or inquires. And we look forward to meeting you here in the sun soaked Bay of Palma in September 2020.
