UPDATE 2 – Charter Fleet Update

The Spanish Virgin Islands Cruise in March 2027 is coming together nicely. We have expressed interest from 45 boats and 186 people. The cruise itinerary will include St John, most of which is a national park; St Croix, the largest of the US Virgin Islands; Vieques, renowned for Mosquito Bay (the brightest bioluminescent bay in the world); and Culebra, home to Flamenco Beach—ranked among the most beautiful beaches in the world.

Many interested skippers have been unable to find charter boats that will allow the charterer to visit the islands on the cruise itinerary. We are happy to announce that Navigare Yachting Inc. has agreed to allow any qualified skipper to take one of their charter boats from Tortola, BVI to all the islands included in the cruise itinerary. They have 62 catamarans and a few monohulls available for charter next March.

If you are looking for a charter, please contact:

Be sure to mention that you are part of the CCA Spanish Virgin Islands Cruise, which will qualify for a 5% group discount – and don't wait too long, once their fleet is booked there may be no other option.

Fair winds,

Nick Orem, Cruise Committee
